

Since 1912, Moorelands has been reshaping the spectrum of possibilities available to kids from Toronto's poor and under-served neighbourhoods. Each year over 1,500 children and youth spread their wings in our City Programs - After-school, Youth Leadership, and Summer Day Camp and at Moorelands Wilderness camp located in the Algonquin Highlands - enriching their lives, empowering themselves with confidence and competence and expanding their visions of the future. While enjoying activities and field trips, participants build life and social skills, increase their sense of self-worth, develop character and establish positive relationships with peers and adults.
