THE 22ND ANNUAL

# UHN Grand Cru Culinary Wine Festival

HALPERN PORTFOLIO TASTING

Dear Guests,

Welcome to the UHN Grand Cru Culinary Wine Festival, proudly presented by HBNG Charitable Foundation. We are delighted to have you join us as we come together to support essential scientific research and key programs at University Health Network (UHN).

This year marks the 22nd annual UHN Grand Cru Culinary Wine Festival, a remarkable journey that has raised over \$174 million to date, making it the top philanthropic food and wine event in the world. The funds raised directly benefit groundbreaking medical research and innovation at UHN, underscoring the impact of our collective efforts.

This event would not be possible without the dedication of many and, most importantly, your enthusiasm and support. To our valued guests, thank you for being here today. We extend our heartfelt gratitude to our sponsors, our chefs, and the wineries who have travelled from across the globe to make this gathering truly special.

Enjoy the day, and please remember to drink responsibly.

With deepest gratitude,

*Todd, Colin & Adam Halpern*

## Marchesi Antinori

ITALY

MARCHESI ANTINORI IS ONE OF THE MOST IMPORTANT AND HERALDED families in the world for the production of great wines. The family's winemaking origins date back to 1385, when Giovanni di Piero Antinori joined the Florentine Winemakers' Guild, Arte Fiorentina dei Vinattieri. Twenty-six generations have passed, but across the centuries the name Antinori has consistently shone and conquered the palates of wine lovers across the globe. Antinori is synonymous with history and a tradition that has become an integral part of Italian food & wine culture. Founded on initial estates in Tuscany and Umbria, many others have followed, solidifying the family passion and vision. Marchesi Antinori properties read like a roll call of the most famous wines in the world: Solaia & Tignanello are doubtless among the most renowned wines anywhere, symbols of Antinori's constant search for supreme quality; while the names of Guado al Tasso, Badia a Passignano, Pian delle Vigne and Castello della Sala are mainstays among the great cellars of the world.

The estate places particular emphasis on indigenous varieties such as Aglianico, alongside carefully selected international grapes, exploring the diversity and potential of this distinctive landscape. By combining respect for Puglia's rich winemaking heritage with modern viticulture and meticulous cellar practices, Bocca di Lupo produces elegant, characterful wines that capture the depth, individuality and growing prestige of southern Italian winemaking.

Benanti

ITALY

TABLE

A8

WITH A WINEMAKING HERITAGE DATING BACK TO THE LATE 19TH CENTURY, Benanti is one of the pioneering estates responsible for establishing Mount Etna as one of Italy’s most exciting fine-wine regions. Founded by Giuseppe Benanti in 1988, the family-owned winery is rooted in Viagrande on the eastern slopes of Etna, where extraordinary volcanic soils, varied elevations and distinctive microclimates create wines of remarkable character and individuality. Working exclusively with native Sicilian varieties, including Carricante, Nerello Mascalese and Nerello Cappuccio, Benanti captures the unique expression of this dramatic landscape through wines defined by freshness, minerality, elegance and structure. A defining feature of the estate is its vineyards across all four principal slopes of the Etna DOC, allowing the family to explore the striking differences in exposure, altitude and terroir throughout the appellation. In 2012, Giuseppe passed leadership to his sons, Antonio and Salvino, who continue to uphold the winery’s pioneering spirit and commitment to traditional, site-focused winemaking. Combining generations of family expertise with a deep respect for Etna’s extraordinary terroir, Benanti remains a benchmark producer, showcasing the sophistication and remarkable potential of volcanic wines from Sicily.

# Tenuta di Biserno

ITALY

TABLE

A10

LODOVICO ANTINORI DISCOVERED THE PROPERTY THAT WOULD EVENTUALLY become Tenuta di Biserno back in 1995, while researching land suitable for extending his then winery, Ornellaia. Markedly different from the geology of Ornellaia, it was much hillier and stonier and warranted a separate project altogether. After the sale of Ornellaia, Lodovico Antinori and his brother Marchesi Piero Antinori began Tenuta di Biserno and breathed new life into the fabulous estate. The 49 hectares in Western Tuscany are nestled in the hills of Bibbona. It borders the historic village of Bolgheri and the views extend out to the Tyrrhenian Sea. Given the terroir and the range of soils, Lodovico planted Bordeaux varietals exclusively. High density, marine sediment and clay, on well-sheltered, northwest slopes, provide ideal conditions for Merlot, while the higher-up and gravelly sites are perfect for Cabernet Franc.

*Deuxième Grand Cru Classé*

FRANCE

ESTABLISHED A CENTURY BEFORE THE 1855 CLASSIFICATION AND LOCATED on the best gravelly outcrops of Cantenac, Brane-Cantenac is considered one of the best Second Growths in the Médoc. In 1833, Baron de Brane sold his estate in Pauillac and bought what is now known as Brane-Cantenac. The Château has gone through two relatively recent modernizations: first in 1999, when they began adding smaller vats to allow for parcel-by-parcel vinification, and again in 2015 when they completed renovations of their cellars and vat rooms. While Brane-Cantenac is known for its traditional methods, the Château is no stranger to technology, as one of the first estates to embrace optical sorting technology.

A14

JULIEN BRAUD HAILS FROM THE SMALL VILLAGE OF MONNIERES IN THE Sèvre et Maine appellation of the Loire Valley. Today he owns just over seven hectares, with approximately five of them going into his production. He began his winemaking career at his family's Domaine Fief aux Dames, where he worked through the 2011 vintage. In 2012, he ventured out on his own when he took over three hectares from his parents. His vision was to work in a way that highlighted the individual terroirs of the region and the heights to which Melon de Bourgogne could be taken. Julien is bucking the trend in the area and represents the new guard of young and incredibly talented winemakers. He is organically certified and incorporates biodynamics, using horses throughout the vineyard, harvesting by hand, and using natural yeasts only for fermentation.

**Butterfield**

FRANCE

FOUNDED BY DAVID BUTTERFIELD IN 2005, BUTTERFIELD IS A BOUTIQUE Burgundy producer built on a deep personal connection to the region and a passion for its exceptional wines. After first discovering Burgundy through his family's travel business, Butterfield & Robinson, David pursued formal studies in viticulture and oenology in Beaune, earning a professional qualification from the French Ministry of Agriculture in 2003. He further refined his craft through hands-on experience with respected producers in both Burgundy and New Zealand before establishing his own operation in Monthelie. Now based in Beaune, Butterfield works with carefully selected small parcels of high-quality grapes from around Beaune and Meursault, focusing on the character and individuality of each vineyard site. Combining an intimate understanding of Burgundy's traditions with a thoughtful, modern approach to winemaking, the domaine produces elegant, precise wines that emphasize purity of fruit, balance and a clear expression of terroir.

FOUNDED OVER A CENTURY AGO, THE TESSARI FAMILY'S LA CAPPUCCINA estate is located in Costalunga di Monteforte d'Alpone, the heart of the Soave region, in the province of Verona. The name of the estate comes from a small private 15th-century chapel where the Capuchin monks once celebrated religious services. At the present time, siblings Sisto, Pietro and Elena Tessari run the 94-acre estate, each playing a different role in the management of the winery. All of the different phases of the production cycle, from the vineyard to the bottling line, are carried out in observance of the rules of biodynamic cultivation, under the supervision of the Istituto Mediterraneo di Certificazione. They are also organically certified.

## Casanova di Neri

ITALY

CASANOVA DI NERI WAS FOUNDED IN 1971 BY GIOVANNI NERI, A MAN with incredible vision and passion, who understood the huge potential of wine in the Montalcino territory. Production started in the Eastern part of Montalcino and was extended later into other areas. The first vineyard was Cerretalto, a unique terroir in a natural amphitheatre over the Asso River. Here, the old vines produced a very unique style of Sangiovese, with small bunches, from which a selective variety was grown that was used in other vineyards, particularly in Tenuta Nuova. Currently, the estate covers a total of 7 different vineyards with a surface of around 500 hectares, of which 63 are vineyards and 20 are olive groves.

LOCATED APPROXIMATELY 20KM NORTHEAST OF SIENA IN THE HILLS OF Gaiole, the tiny village of Ama is nestled in the heart of Chianti Classico, a bucolic rolling landscape of woods, vineyards and olive groves. The first references of the region's wines date back to 998, but the modern era began 35 years ago with the replanting of the estate vineyards. Of the 260 hectares, 90 were planted with vines and 40 with olives. The site itself is spectacular; at 1600 ft above sea level, it is the perfect exposure and ideal for Sangiovese, Merlot, Chardonnay and Pinot noir. The obsessive dedication to quality by Marco Pallanti and Lorenza Sebasti has made Castello di Ama not just one of Tuscany's greatest wine producers, but one of the finest wineries in the world.

THE LA CENDRILLON ESTATE COMPRISES 50 HECTARES, OF WHICH 15 ARE dedicated to young vines between 2 and 15 years of age, on the extremities of the Fontfroide and Boutenac land. Passed down for more than 250 years through the same family, the revered estate converted to organic agriculture and obtained its ECOCERT certification in 2013, in keeping with the conviction that all great wines are born from a preserved and living environment. Hubert Joyeux is the custodian of the land, and his approach requires extreme care in order to obtain healthy grapes and juice full of intense flavours. The planting of exotic varietals, including Albariño and Verdejo, and the enlargement of the winery have resulted in vinifications where each plot can express originality.

Bodega Chacra

ARGENTINA

TABLE

B6

FOUNDED IN 2004 BY PIERO INCISA DELLA ROCCHETTA IN MAINQUÉ, Río Negro, Bodega Chacra has become one of Argentina’s most revered fine-wine estates, celebrated for redefining the potential of Patagonia through exceptional Pinot Noir and Chardonnay. With family ties to Tenuta San Guido, the legendary Tuscan estate behind Sassicaia, Piero brought an uncompromising pursuit of quality and a distinctive international perspective to this remote corner of Argentina. Working with old, ungrafted Pinot Noir vines and the region’s naturally cool climate, Chacra produces wines of remarkable purity, elegance and precision, offering a compelling alternative to Argentina’s better-known Malbec tradition. The estate’s philosophy is further enriched by its close connection with Jean-Marc Roulot, the celebrated Meursault producer, whose expertise and sensibility have helped shape Chacra’s approach to Chardonnay. Farmed according to organic and biodynamic principles, the vineyards benefit from sandy, alluvial soils, abundant sunshine and significant day-to-night temperature variations, allowing the grapes to develop complexity while retaining freshness and natural balance. Through meticulous vineyard management and restrained winemaking, Chacra captures the subtle nuances of its distinctive terroir, producing wines of finesse, depth and extraordinary character. Today, the estate stands among the most important names in South American fine wine, internationally acclaimed for its Burgundian sensibility and singular expression of Patagonia.

CHEVAL DES ANDES IS THE PARTNERSHIP BETWEEN CHÂTEAU CHEVAL Blanc, one of the great names of Saint-Émilion, and Terrazas de los Andes, bringing together two houses within the LVMH family. Founded in 1999, it was conceived as a Bordeaux Grand Cru made in the Andes. Bordeaux’s art of blending and long aging is applied to old vine Malbec and Cabernet Sauvignon grown at high altitude in Mendoza. The Cheval Blanc team oversees the wine with the same precision it brings to its Saint-Émilion estate, and the result is one of Argentina’s most sought-after and ageworthy wines, with deep fruit, refined tannins and remarkable elegance.

Clau de Nell  
FRANCE

CLAU DE NELL IS A DISTINGUISHED BIODYNAMIC ESTATE IN THE LOIRE Valley’s Anjou region, located in Ambillou-Château, where clay, flint and tuffeau limestone soils provide a distinctive foundation for expressive, terroir-driven wines. The domaine gained renewed recognition when the late Anne-Claude Leflaive, the celebrated former head of Domaine Leflaive in Burgundy, and her husband, Christian Jacques, acquired the property in 2008, drawn by its exceptional potential and commitment to biodynamic viticulture. Today, the estate is celebrated for its thoughtful approach to farming and winemaking, with a focus on allowing each grape variety and vineyard site to express its character with minimal intervention. Working with Cabernet Franc, Grolleau and Chenin Blanc, Clau de Nell produces wines that balance vibrant fruit, natural freshness and understated complexity with remarkable finesse. Guided by the principles of biodynamic agriculture and a philosophy of restraint in the cellar, the domaine has established itself as one of the Loire’s most compelling small producers, crafting elegant, distinctive wines that reflect both their origins and the enduring influence of Leflaive’s exacting approach to quality.

CHÂTEAU COS D'ESTOURNEL IS A SECOND GROWTH IN SAINT-ESTÈPHE, classified in 1855. Its vineyard covers roughly 91 hectares along the southern edge of the appellation, beside the stream that separates Saint-Estèphe from Pauillac. Deep gravel soils over a subsoil of flint, limestone and clay have eroded over centuries into steep ridges that drain the vineyard perfectly. The estate is planted mainly to Cabernet Sauvignon and Merlot, with smaller plantings of Cabernet Franc and Petit Verdot, and the proportions in each vintage vary with the character of the year. Cos d'Estournal also produces a white from Sauvignon Blanc and Sémillon, as well as Les Pagodes de Cos, its second wine. Nearby Château Cos Labory, a Fifth Growth, shares the Saint-Estèphe terroir and offers a more classic, approachable style, while G d'Estournal brings the house's style to the wider Médoc appellation.

CHAMPAGNE DEHOURS & FILS IS A CELEBRATED GROWER IN THE MARNE Valley, revered for championing the deep, characterful Pinot Meunier grape. Embracing a soulful, low-intervention philosophy, winemaker Jérôme Dehours coaxes maximum site expression from his plots, utilizing native yeasts, neutral oak aging, and an old perpetual reserve system dating back to 1998. The resulting wines are richly textured, vinous, and intensely gastronomic, balancing savory, subtly oxidative notes with a crisp, low-dosage energy that redefines what Champagne can be.

# Domaine de Montille

FRANCE

TABLE

C2

DOMAINE DE MONTILLE IS REGARDED AS ONE OF THE TOP PRODUCERS IN Burgundy and is known for creating some of the purest expressions of Pinot Noir found in Burgundy today. Developed by Hubert de Montille, a prominent lawyer in Dijon, it began with 2.5 hectares of Volnay in 1951, most of which was sold in bulk to negociants. Over the years, he acquired further parcels in both Volnay and Pommard, and today the Domaine owns approximately 17 hectares and is run by his son Etienne de Montille. The winemaking is traditional, with partial destemming followed by a relatively long maceration period. The wines are aged in 20-30% new oak barriques and are bottled unfiltered. They are elegant, harmonious and benefit from 5+ years of bottle ageing to show their best.

# Flechas de Los Andes

ARGENTINA

LOCATED AT THE FOOTHILLS OF THE ANDES IN MENDOZA, ARGENTINA, Flechas de los Andes was founded through a partnership between Baron Benjamin de Rothschild and Laurent Dassault, united by a shared ambition to discover and develop an exceptional terroir. The winery takes its name from the five arrows that symbolize the Rothschild family, reflecting its heritage and pursuit of excellence. Recognized early for its potential by renowned oenologist Michel Rolland, the estate benefits from a high-altitude setting, a dry climate and significant temperature variations that encourage slow, balanced grape ripening. These distinctive conditions are particularly well suited to Malbec, Argentina's signature grape, allowing it to develop intense fruit, structure and elegance. Combining the character of Mendoza's landscape with a meticulous approach to viticulture and winemaking, Flechas de los Andes produces expressive, refined wines that capture the unique identity of this remarkable region.

## Château Giscours

FRANCE · ITALY

SITTING ON A BEAUTIFUL 300 HECTARE ESTATE, THE GISCOURS VINEYARD IS located in the famous Margaux appellation. Though the estate was first mentioned in a document dating back to 1330, it was not until 1847 that Count de Pescatore laid the cornerstone of the remarkable Château that now overlooks the vines. Giscours' quality was confirmed by its inclusion as a Third Growth in the 1855 classification. In 1995, Eric Albada Jelgersma acquired the estate and continues to provide the care and attention necessary to maintain Giscours' standing as a world famous great growth. Albada Jelgersma also owns Caiarossa in Tuscany, where vineyards are farmed biodynamically near Riparbella. Caiarossa is run to the same exacting standards as Giscours and showcases its diverse terroir.

FOUNDED IN 1980 BY REINHARD LÖWENSTEIN, THIS DISTINCTIVE MOSEL estate began with a handful of carefully selected vineyards on the steep slate slopes of Winningen. Over the years, the domaine has grown to approximately 15 hectares, encompassing celebrated sites including Röttgen, Uhlen, Kirchberg, Stolzenberg and Von Blauem. Set within a dramatic landscape of precipitous hillsides and varied soils, the vineyards produce Riesling with remarkable character, depth and individuality. Reinhard takes a meticulous yet expressive approach to winemaking, carefully selecting the fruit and allowing the wines to develop naturally, with an emphasis on texture, complexity and a strong sense of place. Rather than following the lighter, more traditional style often associated with the Mosel, his wines are typically richer and more structured, balancing concentrated fruit with vibrant freshness and energy. Bold, distinctive and unmistakably individual, the wines reflect both the rugged beauty of their surroundings and the personality of the visionary winemaker behind them.

ISOLE E OLENA IS ONE OF TUSCANY’S MOST CELEBRATED ESTATES, LOCATED in the western reaches of Chianti Classico near Barberino Val d’Elsa. Established through the union of two adjoining properties, the estate spans approximately 290 hectares, with 53 hectares dedicated to vineyards planted to traditional Tuscan varieties alongside international grapes such as Cabernet Sauvignon, Syrah and Chardonnay. Long recognized for its role in elevating the reputation of Chianti Classico, Isole e Olena is particularly renowned for its Sangiovese-based wines, which combine the region’s characteristic structure and depth with remarkable elegance and precision. Situated at approximately 400 metres above sea level, the estate benefits from a cooler climate, maritime breezes and significant day-to-night temperature variations that help preserve freshness and aromatic complexity, even in warmer vintages. Alongside its flagship Chianti Classico, the estate produces distinctive expressions of Tuscany, including the legendary Cepparello, reflecting a philosophy that balances tradition, terroir and a commitment to exceptional quality.

## Paul Jaboulet Aîné

FRANCE

PAUL JABOULET AÎNÉ ARE AMONGST THE RHÔNE VALLEY'S MOST ICONIC producers. Hermitage 'La Chapelle' is their most famous wine, arguably the most famous of all Hermitage. Founded in 1834 by Antoine Jaboulet (Paul was one of his sons), it was Paul's son, Louis, and grandson, Gérard, who can be heralded among the great ambassadors for both the region and the négociant. In 2006, Jean-Jacques Frey bought Paul Jaboulet Aîné. Under them, the Maison thrived once more. Jacques and Nicolas Frey are involved in the day-to-day running of the Maison Jaboulet, while Caroline Frey has been at the helm of the winemaking team since 2006. She immediately set to work converting the estate to sustainable farming. They were certified organic in 2016, and also farm biodynamically. In 2021, a new label for the Hermitage wines was created to honour the distinct and reputable wines they produce on the hill: Domaine de la Chapelle.

BASED IN CHASSAGNE-MONTRACHET, DOMAINE ALEX MOREAU BOASTS A winemaking heritage dating back to 1809, when Auguste Moreau established the estate’s original cellar. The domaine’s vineyards were largely assembled by Marcel Moreau during the 1930s, laying the foundations for a family legacy that has continued to flourish across generations. Under Bernard Moreau, who took over the vineyards and cellar in the early 1960s, the estate developed a strong reputation for producing expressive, terroir-driven Burgundy. Today, his sons Alexandre and Benoît lead the domaine, bringing a contemporary perspective shaped by formal winemaking studies and international experience while remaining deeply connected to the traditions of the Côte de Beaune. Working with approximately 14 hectares of vineyards, including both owned and farmed parcels, the brothers focus on capturing the individuality of each site through meticulous vineyard management and thoughtful winemaking. Their wines are celebrated for their purity, precision and balance, combining the richness and texture of Chassagne-Montrachet with freshness and mineral complexity. The 2021 vintage marked the estate’s transition to its new identity, Domaine Alex Moreau, reflecting the next chapter in a remarkable family history and its continued pursuit of excellence in Burgundy.

FRANCE

DOMAINE DENIS MORTET IS ONE OF THE MOST CELEBRATED ESTATES IN Gevrey-Chambertin, in Burgundy's Côte de Nuits. Founded by Denis Mortet and now led by his son, Arnaud Mortet, the domaine is renowned for its meticulous vineyard work and expressive, terroir-driven Pinot Noir. Its wines combine remarkable depth and concentration with aromatic complexity, silky tannins, and an increasingly refined sense of elegance, reflecting the character of some of Gevrey-Chambertin's most distinguished vineyards. It is worth distinguishing the domaine from Arnaud Mortet's separate négociant activity, which operates under the name Arnaud Mortet and focuses on wines sourced through négociant relationships rather than solely on fruit from the family estate's own vineyards. Both reflect Arnaud's commitment to precision and the expression of Burgundy's individual terroirs, while representing distinct approaches to sourcing and production.

POGGIO ANTICO IS CELEBRATED FOR PRODUCING ELEGANT, FINELY structured Brunello di Montalcino from some of the highest-altitude vineyards in the appellation. Set at approximately 480 metres above sea level, the estate benefits from cooling breezes influenced by the nearby Tyrrhenian Sea, helping preserve freshness and aromatic complexity throughout the growing season. Its 200-hectare property includes approximately 33 hectares of vineyards, planted predominantly to Sangiovese on rocky, calcareous soils that provide excellent drainage and contribute to the wines’ precision and structure. With predominantly south and southwest-facing exposures, the vineyards enjoy abundant sunlight while the elevated setting moderates ripening. All grapes are estate-grown and vinified on the property, allowing for careful control from vineyard to bottle. The result is a distinctive expression of Brunello that balances depth and concentration with freshness, elegance and remarkable aging potential.

## Villa Poggio Salvi

ITALY

FOUNDED ON A PASSION FOR TUSCANY'S REMARKABLE LANDSCAPES, VILLA Poggio Salvi was acquired by engineer Pierluigi Tagliabue in 1979, who set out to elevate the estate through careful vineyard development and modern winemaking. Located in Montalcino, the property encompasses 21 hectares of vineyards planted exclusively with Sangiovese Grosso, the celebrated grape behind Brunello di Montalcino. Situated at elevations between 300 and 500 metres, the vineyards benefit from clay-rich soils, excellent exposure and cooling breezes from the Tyrrhenian Sea, helping produce wines with freshness, structure and elegance. In 1998, the estate expanded into the Chianti Colli Senesi area with the acquisition of the Casavecchia property, broadening its portfolio to include Tuscan wines made from Sangiovese and Merlot. Combining a respect for regional tradition with modern facilities and a forward-looking approach, Villa Poggio Salvi remains a family-driven estate under the guidance of Pierluigi Tagliabue and his grandson, winemaker Luca Belingardi, crafting expressive wines that reflect the diversity and character of Tuscany.

# Domaine Ponsot

FRANCE

DOMAINE PONSOT'S HISTORY BEGINS IN 1872 WHEN WILLIAM PONSOT purchased a wine estate in Morey-Saint-Denis and set up his home there. His major parcels of land at that time were the Clos des Monts-Luisants and Clos de la Roche. His nephew and godson, Hippolyte Ponsot, took over the domaine in 1920, and in 1932 started bottling his entire harvest at the domaine, a rarity for the time. Eventually the estate was passed down to Hippolyte's son Jean-Marie, and later to Jean-Marie's children, Laurent and Rose-Marie. Today, Rose-Marie Ponsot is the sole director of the company, seconded by Alexandre Abel. Unfettered by the latest fashions, Domaine Ponsot has always sought to express the richness of Burgundy terroir through natural cultivation practices. Human intervention is limited and only applied to the help that the vine needs. The family's long tradition of letting nature take the lead has ensured that today the vineyards are in exceptional condition.

## Château Pontet-Canet

*Cinquième Grand Cru Classé*

FRANCE

CHÂTEAU PONTET-CANET HAS UNDERGONE A REMARKABLE transformation under the Tesseron family, rising to become one of Pauillac's most celebrated estates and a leading force in the evolution of modern Bordeaux. Since Guy Tesseron and his son Alfred took the helm, significant investment in the vineyards and winemaking facilities has been matched by a progressive approach to viticulture, culminating in the estate's pioneering commitment to biodynamic farming. One of the most prominent properties in Bordeaux to embrace these practices, Pontet-Canet places exceptional emphasis on soil health, vineyard balance and expressing the character of its terroir. Its gravelly Pauillac vineyards, planted predominantly to Cabernet Sauvignon and Merlot, produce wines of remarkable depth, precision and structure, combining the appellation's signature power with increasing finesse and energy. Particularly impressive since the early 2000s, the estate's wines have earned comparisons with Bordeaux's First Growths, establishing Pontet-Canet as one of the region's most compelling and closely watched producers. Blending centuries-old tradition with an ambitious, forward-thinking philosophy, the château continues to redefine what great Pauillac can achieve.

THE TESSERON FAMILY HAS BEEN CRAFTING EXCEPTIONAL COGNAC SINCE the 19th century, when Abel Tesson established the family’s foundations with the acquisition of prized vineyards in Grande Champagne, Cognac’s most prestigious cru. Renowned for their commitment to quality, patience and tradition, the family brings the same uncompromising standards to Cognac as to its celebrated Bordeaux estates, including Château Pontet-Canet and Château Lafon-Rochet. Now guided by the fourth generation, the Tesseron preserve a distinctive approach to production, cultivating traditional grape varieties such as Ugni Blanc, Folle Blanche and Colombard to create spirits of remarkable complexity and character. Their Cognacs are aged in historic cellars dating back to the 13th century, where time and careful maturation develop exceptional depth, elegance and aromatic richness. Rather than relying solely on conventional age classifications, the house identifies its Cognacs by individual lot numbers, each representing a carefully composed blend of exceptional eaux-de-vie. From Lot N° 76 XO Tradition to the rare Lot N° 53 XO Perfection and Lot N° 29 XO Exception, Tesseron exemplifies the art of fine Cognac, combining centuries of heritage with a dedication to craftsmanship and distinction.

CHAMPAGNE BARONS DE ROTHSCHILD IS A HIGHLY PRESTIGIOUS, contemporary house revered by insiders for championing a crisp, Chardonnay-dominant, and deeply precise style of sparkling wine. Born in 2005 when the three legendary branches of the banking and winemaking dynasty united their storied legacies, the boutique house operates under the guidance of Philippe Sereys de Rothschild and CEO Frédéric Mairesse. Sourcing pristine fruit primarily from Grand and Premier Cru terroirs, the estate crafts the collection using plot-by-plot vinification and a massive perpetual reserve system. The resulting lineup, spanning from non-vintage blends up to rare single-plot cuvées, is intensely mineral-driven and structural, balancing vibrant fruit with a crisp, low-dosage energy.

# Domaine Roulot

SINCE TAKING THE HELM IN 1989, JEAN-MARC ROULOT HAS ESTABLISHED Domaine Roulot as one of Meursault’s most revered producers, renowned for a style of Chardonnay that prioritizes purity, precision and terroir expression. Moving away from the richer, heavier style traditionally associated with white Burgundy, Roulot has developed wines of remarkable clarity and finesse without sacrificing depth, complexity or aging potential. Each wine is crafted with a layered, understated elegance, revealing the subtle distinctions between individual vineyard sites while retaining the structure and concentration that define great Meursault. The domaine has farmed organically since 1999, with additional exploration of biodynamic practices, and places great emphasis on harvesting at the optimal moment to preserve freshness and natural balance. While captivating in their youth, these exceptional wines often reveal their full intricacy and class with a decade or more of bottle age, offering a compelling expression of Burgundy’s most celebrated white wine terroir.

## Clos Salanca

SPAIN

CLOS SALANCA WAS BORN WHEN DAVID FORER, TORONTO BORN, LEFT HIS pharma career in San Francisco to pursue a Master of Wine. He uprooted his family, moving to Barcelona, where he met his now business partner Franck Massard. Together they bought Clos Salanca in the historic Priorat, which has been under vine since the 12th century. The vineyard has been organic for 20+ years and impeccably managed. The oldest vines on the plot were planted in 1915. Now six years into the project, they are moving towards regenerative agriculture: an ancient yet modern philosophy which will regenerate the soil, sequester carbon and improve the microbiology of the land.

Valle dell'Acate

ITALY

TABLE  
F10

VALLE DELL'ACATE IS A HISTORIC ESTATE LOCATED ON THE BIDINI PROPERTY among the rolling hills of the Dirillo Valley, near Acate in Sicily's southeastern province of Ragusa. The Jacono family's winemaking roots here go back to the late 19th century, when Vittoria was the hub for shipping Sicilian wine to France, where it was used to add body and colour to northern wines. The modern winery was established in 1981, and today it is led by sixth-generation winemaker Gaetana Jacono alongside Francesco Ferreri, with the Jacono and Ferreri families together making it one of the most important producers in southeastern Sicily. The focus is on the native grapes of the Acate-Comiso-Vittoria triangle, above all Frappato and Nero d'Avola, along with Grillo and Insolia. Years of zoning work on the estate identified seven distinct soil types, from deep red soils suited to Nero d'Avola to black soils with white stones for Frappato, allowing each variety to be planted where it performs best. The vineyards are certified organic. The estate is best known for its Cerasuolo di Vittoria DOCG, Sicily's only DOCG and the region's historic blend of Frappato and Nero d'Avola, and its Il Frappato is widely regarded as a benchmark for the variety.

Vega Sicilia

SPAIN · HUNGARY

TABLE

VEGA SICILIA, SPAIN'S "FIRST GROWTH" AND MOST PRESTIGIOUS WINE estate, is located in Ribera del Duero. It was founded in 1864 by Don Eloy Lecanda y Chaves, who arrived from Bordeaux with cuttings of local grapes (Cabernet Sauvignon, Merlot and Malbec) and planted them, together with Spain's signature grape Tinto Fino (aka Tempranillo) in the arid Ribera soils. The winery began building its formidable reputation after 1903 under the ownership of Antonio Herrero, winning a number of awards at home and overseas. The estate changed hands several more times before its acquisition by the current owners, the Álvarez family, in 1982. Vega Sicilia has now built up a portfolio which includes Bodegas Alion (providing a more modern expression of Ribera del Duero), Bodegas Pintia (in the emerging region of Toro), Macán (a partnership with Benjamin de Rothschild) and the Hungarian Tokaji estate, Oremus.

## Roberto Voerzio

ITALY

ROBERTO VOERZIO IS ONE OF THE LIVING LEGENDS OF BAROLO. BASED IN La Morra, Roberto started in 1986 with just a few hectares and the goal of producing the finest Barolo in the region. His viticulture is characterized by high-density plantings and extremely low yields (750g /vine). The techniques he meticulously applies in the vineyards of pruning, green harvesting and bunch-thinning leave the fruit riper and more concentrated in flavours and sugars while maintaining a balanced acidity. The Voerzio vineyards are located in the finest Crus of Barolo: La Serra, Brunate, Cerequio, Sarmassa, Rocche dell'Annunziata and Fossati, with complementary vineyards of Dolcetto, Barbera and Nebbiolo all in the commune of La Morra. 20 hectares in total are farmed, all organically. In the winery, he is considered a classic 'modernist', with short fermentation on the skins, not exceeding one month. With the help of his son Davide in the cellar, the wines are aged in French oak barriques and botti, with the Barolo aged for at least 2 years.

Owned by the Lur-Saluces family for more than two centuries before becoming part of LVMH in 1999, the estate has built its legendary reputation on extraordinary craftsmanship and an uncompromising pursuit of quality. Its celebrated sweet wines are produced from grapes affected by noble rot, painstakingly harvested by hand over multiple passes through the vineyards, with each vine yielding only enough wine for approximately one glass. This meticulous process results in wines of extraordinary concentration, complexity and balance, combining luscious richness with remarkable freshness and purity. Revered by collectors worldwide, Château d'Yquem is among the most coveted wines ever produced, with the structure and elegance to evolve gracefully for a century or more.

# 4G Wine Estate

SOUTH AFRICA

4G WINES WAS FOUNDED WITH A SINGULAR AMBITION: TO CREATE SOUTH Africa's first true "First Growth," a wine capable of standing alongside the greatest and most prestigious wines in the world. Drawing on exceptional vineyard sites across the Western Cape, the estate takes an uncompromising approach to selection, choosing fruit down to individual rows and dramatically reducing yields to achieve the highest possible quality. Every decision is guided by precision, concentration and the pursuit of a wine with both extraordinary depth and a distinct sense of place. Produced in exceptionally small quantities and released largely through allocation, the flagship Grand Vin G. has quickly established itself among South Africa's most exclusive fine wines, with its second wine, The Echo of G., offering another expression of the estate's exacting standards. Combining the structure, elegance and complexity associated with the great wines of the Old World with the richness and generosity of the Cape, 4G Wines represents an ambitious new chapter in South African winemaking. With its focus on meticulous selection, limited production and uncompromising craftsmanship, the estate is dedicated to creating wines of exceptional distinction, rarity and longevity.

COMTE LOUIS DE LAURISTON WAS ESTABLISHED WITH THE AIM OF BRINGING greater structure and legitimacy to Calvados production in the Domfront region of Normandy, helping put an end to clandestine distilling while preserving the area’s distinctive traditions. Today, its historic cellars safeguard a remarkable collection of vintage Calvados, including rare and forgotten treasures dating back to the era of illicit production. What sets Domfrontais Calvados apart is its generous use of locally grown pears alongside cider apples, creating spirits with distinctive aromatic finesse and character. The region’s granite and schist soils, combined with traditional single-distillation methods, further contribute to their individuality. Through its commitment to preserving these historic eaux-de-vie and the heritage of Domfront, Comte Louis de Lauriston offers a compelling expression of Normandy’s spirit-making traditions, with a collection that reflects generations of craftsmanship, patience and history.

## Nishi Shuzo

JAPAN

FOUNDED IN 1845 IN FUKIAGE, KAGOSHIMA, NISHI SHUZO HAS SPENT nearly two centuries crafting exceptional Japanese spirits, guided by a deep respect for the land and the traditions of its region. Now led by eighth-generation president Yoichiro Nishi, the family-owned company believes that great spirits begin with agriculture, with climate, soil and careful cultivation shaping the character of every bottle. This philosophy is reflected in Tenbu, the brewery's refined Junmai Ginjo sake, which combines generations of craftsmanship with a thoughtful respect for nature. The same dedication drives Ontake, the company's single malt whisky project, launched in 2019 in the cool mountains above Kagoshima, where the whisky develops complexity through maturation in first-fill solera sherry casks. Alongside its longstanding shochu production, these ventures demonstrate Nishi Shuzo's ability to honour Japanese heritage while exploring new expressions of fine spirits. Guided by the principles of integrity, trust and creativity, the family continues to showcase the distinctive character of Kagoshima through a portfolio that balances tradition, innovation and meticulous craftsmanship.

S5

FOUNDED IN 1897, NONINO IS ONE OF ITALY'S MOST CELEBRATED distilling families, with a heritage deeply rooted in the traditions of Friuli and the art of grappa production. For generations, the family has dedicated itself to crafting exceptional spirits from grape pomace, the skins, seeds and stems left after winemaking. In 1973, Benito and Giannola Nonino transformed the world of grappa by championing single-varietal expressions, elevating the spirit from a humble regional tradition to a refined, internationally acclaimed category. Their pioneering vision extended beyond distillation to presentation and quality, fundamentally changing how grappa was perceived and enjoyed around the world. Today, the family continues to combine traditional craftsmanship with innovation, producing an acclaimed range of grappas and other fine spirits that celebrate the character of their grape varieties and origins. Widely recognized as a benchmark in Italian distilling, Nonino remains synonymous with quality, authenticity and the remarkable ability to bring a centuries-old tradition into the modern era.
