"GLOU GLOU" GLOW UP

Born in the beach towns of southern France, "glou glou" wines are having a moment around the globe. Think of "glou glou" like "glug glug": an onomatopoeia that imitates the sound of wine being poured into a glass. It's the perfect name for these sleek, stylish, easy-drinking wines that are typically chillable reds. So, move over Brat Summer and Hot Girl Summer, because Glou Glou Summer has officially arrived.

CHILLED REDS? REALLY?

.....
You bet! Red wines with vibrant acidity are great for hot summer days and nights; chilling them only enhances that aspect. Acidity is what gives wine that crisp, mouth-watering edge so welcome in warmer weather. Served chilled, the acidity shines even brighter.

BISQUERTT CRAZY ROWS CINSAULT 2024

DO Secano Interior, Valle del Itata, Chile

Energetic and expressive with a bright, nervy core of fresh strawberry, redcurrant, licorice and herbs. Long, fresh and wonderfully balanced.

.....

The best red wines for chilling also have intense aromatics and fruit-forward flavours (to burst through the muting effect of the chill) and softer tannins (so the structure isn't overbearing). Reds with some residual sugar also work well, as the sweetness balances the enhanced acidity.

RADFORD DALE VINUM PINOT NOIR 2023

New at Vintages

I love red wine year-round, so in summer I'm confident about breaking from traditional storage and service rules. I chuck some light red wines on their sides in the fridge and keep them there until pouring. Chilling makes them crisper and more refreshing. It really makes their red berry fruit flavours pop. Cool reds pair perfectly with casual meals that don't require heating up the kitchen – a plate of charcuterie and olives, grilled steak on salad, or takeout noodles. From this release, **Finca Feliz Malbec** and **Pardusco** defy expectations, make awesome gifts, and are so fun to bring outside!"

Keepers of the flame

Marialena and Anastasia Tsimbidi are continuing their parents' mission to reinstate the Monemvasian terroir with organically farmed wines made from indigenous grapes. Through the sisters' modern approaches, these storied expressions are finding new audiences.

FROM LEFT: Giorgos, Marialena and Anastasia Tsimbidi.

Fun, eye-catching labels are one of Tsimbidi's new moves.

Legend has it that in the Middle Ages, there was a sweet white wine called Malvasia that was known throughout the world. It was named after Monemvasia; a Byzantine town in southern Greece whose castle port served as anchorage and supply centre for ships passing through. In the 16th century, during the Ottoman rule, Monemvasia's vineyards were destroyed, leaving only stone wine presses and 900-year-old historical references to bear witness to Malvasia's rule there.

Five hundred years later, Giorgos and Elli Tsimbidi spearheaded an effort to bring Malvasia back to Monemvasia. On July 23, 2010, on the anniversary of Monemvasia's liberation from the Ottomans and after an effort of 12 years, Monemvasia-Malvasia received its Protected Designation of Origin. Finally, in 2013, Tsimbidi's Monemvasia-Malvasia was bottled for the first time.

This labour of love is par for the course for Tsimbidi Monemvasia. Since 1997, they've been making wines in their 30 hectares of organic vineyards from rare varieties local to Monemvasia.

The same felicitous geography and Mediterranean climate that helped make Malvasia so sought-after are still the area's secrets to its success. The brisk winds, plentiful sunshine, mild winters, dry summers, and soils poor in organic matter are ideal for making low-intervention wines, especially when you're focused on grapes that grew up under these conditions. The nearby Myrtoan Sea has a significant effect on the vines, regulating temperatures and giving rise to the *meltemia* winds that blow in from the northeast in August, cooling the vineyards. Vines are planted in rows to achieve greater aeration, yields are kept low, and all viticultural tasks are done by hand.

Today, Giorgos and Elli's daughters Marialena and Anastasia have joined the family business. Whether it be returning the rare local Kydonitsa variety to the light, advancing Assyrtiko's ascent, or letting the world know about the rising-star Limniona grape, the Tsimbidis are doing legendary work for their beloved Monemvasia. Any wine they make will have a story to tell.

TSIMBIDI MONEMVASIA ASSYRTIKO 2024

PGI Laconia, Greece, vegan

Assyrtiko is considered one of the most noble Greek varieties and finds great expression in warm, dry regions like Laconia. This wine is sourced from low-yielding vines and offers classic notes of citrus, peach and mineral, with brilliant acidity. Pair with grilled fish or eggplant dishes.

TSIMBIDI MONEMVASIA KYDONITSA 2024

PGI Laconia, Greece

Is it a coincidence that the ancient Spartans came from a part of Greece that produces the uncompromising Kydonitsa? ... a white wine that benefits from decanting, to allow its tightly coiled, concentrated flavours of quince, citrus pith, artichoke and wax to emerge. There's a concentration and seriousness that doesn't come across as heavy, but this still demands some food – perhaps roast pork and celeriac? Drinking window: 2025-2028. TSIMBIDI MONEMVASIA JACKAL LIMNIONA 2022

PGI Laconia, Greece

Here's an elegant, modern wine crafted from the Limniona grape variety. The wine is wild-fermented in stainless steel and matured for a year on the lees before it's bottled unfiltered. It offers notes of red cherry, raspberry and fresh herbs and pairs well with lamb ragù or grilled meats.

GREECE – WHITE WINE

MICHALAKIS ASSYRTIKO 2024

PGI Crete
Crete has a wine culture spanning millennia, with evidence of winemaking dating back to the Minoan civilization (2000-1400 BCE). Made from 100% Assyrtiko grapes, this wine offers crunchy apple, pear, grapefruit, ginger and mint, with a lovely mineral undercurrent. Perfect for fried seafood or ripe cheeses.

KYDONITSA 2024**

PGI Laconia

Is it a coincidence that the ancient Spartans came from a part of Greece that produces the uncompromising Kydonitsa? Here in Laconia, in the south-eastern corner of the Peloponnese, this variety has recently bounced back from the brink of extinction largely thanks to George Tsibidis of Monemvasia ... This bottling is firm but rather shy, yet opens up in the glass with air. It's certainly a white wine that benefits from decanting, to allow its tightly coiled, concentrated flavours of quince, citrus pith, artichoke and wax to emerge. There's a concentration and seriousness that doesn't come across as heavy, but this still demands some food – perhaps roast pork and celeriac? Drinking window: 2025-2028. STANDOUT SELECTIONS

One of the great things about wine is its versatility. Here in Ontario, where the climate is broadly cool, we produce a surprisingly dynamic range of styles. Hinterbrook makes a robust red from the temperate shores of Lake Ontario; Oxley crafts a ripe, elegant Pinot from the upper reaches of Lake Erie; and Magnotta creates a lively, aromatic white blend from vineyards across Niagara.

STYLE SPOTLIGHT

If you ask wine writers around the globe to name a white wine Ontario has mastered, they're bound to say Riesling. The variety is perfectly suited to our cool climate, and its knack for conveying minerality makes for remarkably expressive wines. These three examples showcase the complexity and character for which Ontario Riesling has become famous.

Classic Coonawarra Cabernet

**STONEHAVEN RESERVE
CABERNET SAUVIGNON 2021**
Coonawarra, South Australia

Coonawarra is a wine region in the Limestone Coast zone of South Australia celebrated for its Cabernet Sauvignon. The Mediterranean climate and famous terra rossa soils are perfect for the King of Grapes, as evidenced by this complex, elegant wine. Enjoy its blackberry, cherry and licorice notes with an early-summer barbecue.
